

Check to schedule well child visits after the patient's birthday!

Please remind parents to bring their child's immunization record to every visit.

- Immunizations must be reviewed at each clinic visit. Many are commonly administered during well child check-ups.
- Schedule these visits AFTER the 6 mo, 12 mo, and 4 year birthday to meet age and school requirements.
- **Remember to check your patient's immunization history in MCIR before administering any shots.**
- Don't forget to schedule regular well child check-ups:

EPSDT visits should be scheduled at:

1, 2, 4, 6, 9, 12, 15, 18, and 24 months

3, 4, 5, 6, and 8 years old and

annually from 10 to 21 years old
